

Property Address: 15970 Flintlock Road ("Property").

BUYER RIGHTS AND DUTIES:

- The physical condition of the land and improvements being purchased are not guaranteed by Seller or Brokers. You should conduct thorough investigations of the Property personally and with appropriate professionals. If professionals recommend further inspections, you should contact qualified experts to conduct such inspections. You should retain your own professional even if Seller or Broker has provided you with existing reports. You should read all written reports given to you and discuss those reports with the persons who prepared them. You have the right to request that the Seller make repairs, corrections or take other actions based on inspections or disclosures. If the Seller is unwilling or unable to satisfy your requests, and you act within certain time periods, you may have the right to cancel the agreement. If you cancel outside these periods, you may be in breach of contract. The terms of the purchase agreement and any counter offers and addenda establish your rights and responsibilities. YOU ARE STRONGLY ADVISED TO INVESTIGATE THE CONDITION AND SUITABILITY OF ALL ASPECTS OF THE PROPERTY. IF YOU DO NOT DO SO, YOU ARE ACTING AGAINST THE ADVICE OF BROKERS.

SELLER RIGHTS AND DUTIES:

- You have a duty to disclose material facts known to you that affect the value or desirability of the Property. You are obligated to make the Property available to the Buyer for inspections allowed by the contract. This form is not a substitute for completing a Real Estate Transfer Disclosure Statement, if required, and any other property-specific questionnaire or disclosure. The terms of the Purchase Agreement and any Counter Offers and Addenda establish your rights and responsibilities.

BROKER RIGHTS AND DUTIES:

- Brokers do not have expertise in all areas and matters affecting the Property or your evaluation of it. For most sales of residential properties with no more than four units, Brokers have a duty to make a reasonably competent and diligent visual inspection of the accessible areas of the Property and disclose to you material facts or defects that the inspection reveals. Many defects and conditions may not be discoverable by a Broker's visual inspection. If Broker gives a referral to another professional, Broker does not guarantee that person's performance. You may select any professional of your own choosing. Any written agreement between Broker and Buyer or Seller establishes the rights and responsibilities of those parties.

1. INSPECTIONS: Buyer and Seller are advised that Buyer has the right to obtain various inspections of the Property under most residential purchase agreements. Buyer is advised to have the Property inspected by a professional property inspection service within Buyer's inspection contingency period. A licensed building contractor or other professional may perform these services. The inspector generally does not look behind walls or under carpets, or take equipment apart. Certain items on the Property, such as chimneys and spark arresters, plumbing, heating, air conditioning, electrical wiring, pool and spa, septic system, well, roof, foundation and structural items may need to be inspected by another professional, such as a chimney sweep, plumber, electrician, pool and spa service, septic or well company or roofer. A general physical inspection typically will not test for mold, wood destroying pests, lead-based paint, radon, asbestos and other environmental hazards, geologic conditions, age, remaining useful life or water-tightness of roof, cracks, leaks or operational problems associated with a pool or spa or connection of the Property to a sewer system. If Buyer wants further information on any aspect of the Property, Broker recommends that Buyer have a discussion with the professional property inspector and that Buyer hire an appropriate professional for the area of concern to Buyer. Brokers do not have expertise in these areas. Brokers do not verify the results of any such inspection or guarantee the performance of any such inspector or service. Any election by Buyer to waive the right to a physical inspection of the Property or to rely on somebody other than an appropriate professional is against the advice of Brokers. Not all inspectors are licensed and licenses are not available for all types of inspection activities.

2. SQUARE FOOTAGE, LOT SIZE AND BOUNDARIES: Buyer and Seller are advised that only an appraiser or land surveyor, as applicable, can reliably confirm square footage, lot size, Property corners and exact boundaries of the Property. Representations regarding these items that are made in a Multiple Listing Service, advertisements, and from property tax assessor records are often approximations, or based upon inaccurate or incomplete records. Fences, hedges, walls or other barriers may not represent actual boundary lines. Brokers have not verified any such representations. Brokers do not have expertise in this area. If Buyer wants information about the exact square footage, lot size or location of Property corners or boundaries, Broker recommends that Buyer hire an appraiser or licensed surveyor to investigate these matters during Buyer's inspection contingency period.

3. SOIL AND GEOLOGIC CONDITIONS: Buyer and Seller are advised that real estate in California is subject to settling, slippage, contraction, expansion, subsidence, earthquakes and other land movement. The Property may be constructed on fill or improperly compacted soil and may have inadequate drainage capability. Any of these matters can cause structural problems to improvements on the Property. Civil or geo-technical engineers are best suited to evaluate soil stability, grading, drainage and other soil conditions. Additionally, the Property may have known or unknown mines, mills, caves or wells. Brokers do not have expertise in this area. If Buyer wants further information, Broker recommends that Buyer hire an appropriate professional. Not all inspectors are licensed and licenses are not available for all types of inspections.

4. GEOLOGIC HAZARDS: Buyer and Seller are advised that California has experienced earthquakes in the past, and there is always a potential of future earthquakes. Damage caused by an earthquake may not be discoverable by Buyer's or Broker's visual inspection. Inspection by a licensed, qualified professional is strongly recommended to determine the structural integrity and safety of all structures and improvements on the Property. If the Property is a condominium, or located in a planned unit development or in a common interest subdivision, Buyer is advised to contact the homeowners association about earthquake repairs and retrofit work and the possibility of an increased or special assessment to defray the costs of earthquake repairs or retrofit work. Buyer is encouraged to obtain and read the booklet entitled "The Homeowners Guide to Earthquake Safety." In most cases a questionnaire within the booklet must be completed by Seller and the entire booklet given to the Buyer if the Property was built prior to 1960. If the Property was built before 1975, and contains structures constructed of masonry or precast (tilt up) concrete walls, with wood frame floors or roof, or if the building has unreinforced masonry walls, then Seller must provide Buyer a pamphlet entitled "The Commercial Property Owner's Guide to Earthquake Safety." Many areas have a wide range of geologic problems and numerous studies have been made of these conditions. Some of this information is available for public review at city and county planning departments. Buyer is encouraged to review the public maps and reports and/or obtain a geologist's inspection report. Brokers do not have expertise in this area. Buyer may be able to obtain earthquake insurance to protect their interest in the Property. Sellers who agree to provide financing should also consider requiring Buyers to obtain such insurance.

5. ENVIRONMENTAL HAZARDS: Buyer and Seller are advised that the presence of certain kinds of organisms, toxins and contaminants, including, but not limited to, mold (airborne, toxic or otherwise), fungi, mildew, lead-based paint and other lead contamination, asbestos, formaldehyde, radon, methane, other gases, fuel oil or chemical storage tanks, contaminated soil or water, hazardous waste, waste disposal sites, electromagnetic fields, nuclear sources, urea formaldehyde, or other materials may adversely affect the Property and the health of individuals who live on or work at the property as well as pets. If Buyer wants further information, Buyer is advised and Broker recommends that Buyer have the Property inspected for the existence of such conditions and organisms, and conditions that may lead to their formation. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Buyer is also advised to consult with appropriate experts regarding this topic during Buyer's inspection contingency period. Brokers do not have expertise in this area. Broker recommends that Buyer and Seller read the booklets titled, "Residential Environmental Hazards: A Guide for Homeowners, Homebuyers, Landlords and Tenants," and "Protect Your Family From Lead In Your Home."

6. MOLD: Buyer and Seller are advised that the presence of certain kinds of mold, fungi, mildew and other organisms, sometimes referred to as "toxic mold" (collectively "Mold") may adversely affect the Property and the health of individuals who live on or work at the Property as well as pets. Mold does not affect all people the same way, and may not affect some people at all. Mold may be caused by water leaks or other sources of moisture such as, but not limited to, flooding, and leaks in windows, pipes and roof. Seller is advised to disclose the existence of any such conditions of which he or she is aware. Buyer should carefully review all of Seller's disclosures for any indication that any of these conditions exist. It is, however, possible that Mold may be hidden and that Seller is completely unaware of its existence. In addition, Mold is often undetectable from a visual inspection, a professional property inspection and even a structural pest control inspection. Brokers do not have expertise in this area. If Buyer wants further information, Broker recommends that Buyer have the Property tested for Mold by an environmental hygienist or other appropriate professional during Buyer's inspection contingency period. Not all inspectors are licensed and licenses are not available for all types of inspection activities.

Buyer's Initials (JK)
Seller's Initials (xJK) (xJK)

26. INSURANCE: Buyer and Seller are advised that Buyer may have difficulty obtaining insurance regarding the Property if there has been a prior insurance claim affecting the Property or made by Buyer but unrelated to the Property. Seller is required by C.A.R. Form RPA to disclose known insurance claims made during the past five years. Sellers may not be aware of claims prior to their ownership. If Buyer wants further information, Broker recommends that, during Buyer's inspection contingency period, Buyer conduct his or her own investigation for past claims. Buyer may need to obtain Seller's consent in order to have access to certain investigation reports. If the Property is a condominium, or is located in a planned unit development or other common interest subdivision, Buyer and Seller are advised to determine if the individual unit is covered by the Homeowner Association Insurance. Broker recommends that Buyer consult Buyer's insurance agents during Buyer's inspection contingency period to determine the need, availability and possibility of securing any and all forms of other insurance or coverage or any conditions imposed by insurer as a requirement of issuing insurance. If Buyer takes possession prior to Close of Escrow or Seller remains in possession after Close of Escrow, whether for a limited or extended period of time, Broker recommends that Buyer and Seller each consult with their own insurance agent regarding insurance or coverage that could protect them in the transaction (including but not limited to: personal property, flood, earthquake, umbrella and renter's). Brokers do not have expertise in this area.

27. CALIFORNIA FAIR PLAN: Buyer and Seller are advised that insurance for certain hillside, oceanfront and brush properties may be available only from the California Fair Plan. This may increase the cost of insurance for such properties and coverage may be limited. Broker recommends that Buyer consult with Buyer's own insurance agent during Buyer's inspection contingency period regarding the availability of coverage under the California Fair Plan and the length of time it may take for processing of a California Fair Plan application. Brokers do not have expertise in this area.

28. HISTORICAL DESIGNATION, COASTAL COMMISSION, ARCHITECTURAL, LANDSCAPE, AGRICULTURAL OR OPEN SPACE AND OTHER RESTRICTIONS ON BUILDINGS OR IMPROVEMENTS: Buyer and Seller are advised that the Property may be: (i) designated as a historical landmark, (ii) protected by a historical conservancy, (iii) subject to an architectural or landscaping review process, (iv) within the jurisdiction of the California Coastal Commission or other government agency, or (v) subject to a contract preserving use of all or part of the Property for agriculture or open space. If the Property is so designated or within the jurisdiction of any such, or similar, government agency then there may be restrictions on Buyer's ability to develop, remove or trim trees or other landscaping, remodel, make improvements to and build on or rebuild the Property. Broker recommends that Buyer satisfy him/herself during Buyer's inspection contingency period if any of these issues are of concern to Buyer. Brokers do not have expertise in this area.

29. 1915 BOND AND MELLO-ROOS COMMUNITY AND OTHER FACILITIES DISTRICTS: Buyer and Seller are advised that the Property may be subject to an improvement bond assessment under the Improvement Bond Act of 1915 and/or a levy of a special tax pursuant to a Mello-Roos community facilities or other district. Seller is generally required to make a good faith effort to obtain a disclosure notice from any local agency collecting such taxes and deliver such notice to Buyers. Brokers do not have expertise in this area.

30. HOMEOWNER ASSOCIATIONS AND COVENANTS, CONDITIONS AND RESTRICTIONS (CC&Rs): Buyer and Seller are advised that if the Property is a condominium, or located in a planned unit development, or in a common interest subdivision there are typically restrictions on use of the Property and rules that must be followed. Restrictions and rules are commonly found in Declarations of Covenants, Conditions and Restrictions (CC&Rs) and other governing documents. Further there is likely to be a homeowner association (HOA) that has the authority to affect the Property and its use. Whether or not there is a HOA, the Property may still be subject to CC&Rs restricting use of the Property. The HOA typically has the authority to enforce the rules of the association, assess monetary payments (both regular monthly dues and special assessments) to provide for the upkeep and maintenance of the common areas, and enforce the rules and assessment obligations. If you fail to abide by the rules or pay monies owed to the HOA, the HOA may put a lien against your Property. The law requires the Seller to provide the Buyer with the CC&Rs and other governing documents, as well as a copy of the HOA's current financial statement and operating budget, among other documents. Buyer is advised to carefully review all HOA documents provided by Seller and the CC&Rs, if any, and satisfy him/herself regarding the use and restrictions of the Property, the amount of monthly dues and/or assessments, the adequacy of reserves, current and past insurance coverage and claims and the possibility of any legal action that may be taken by or against the HOA. The HOA may not have insurance or may not cover personal property belonging to the owner of the unit in the condominium, common interest or planned unit development. See paragraph 26 for further information regarding insurance. Brokers do not have expertise in this area.

31. COMMUNITY ENHANCEMENT AND PRIVATE TRANSFER FEES: Buyer and Seller are advised that some areas or communities may have enhancement fees or user-type fees, or private transfer fees, over and above any stated association fees. Private transfer fees: (A) may last for a fixed period of time or in perpetuity, (B) are typically calculated as a percentage of home's sales price, and (C) may have private parties, charitable organizations or interest-based groups as their recipients. Brokers do not have expertise in this area.

32. GENERAL RECALL/DEFECTIVE PRODUCT/CLASS ACTION INFORMATION: Buyer and Seller are advised that government entities and manufacturers may at any time issue recall notices and/or warnings about products that may be present in the Property, and that these notices or warnings can change. There is no single, all-inclusive source of information on product recalls, defective products or class actions; however, the U.S. Consumer Product Safety Commission (CPSC) maintains a website that contains useful information. If Buyer wants further information regarding the items listed below, Broker recommends that Buyer consult the CPSC website at <http://www.cpsc.gov> during Buyer's inspection contingency period. The following are examples of recall/defective products/class action information. The information is not exclusive. If Buyer wants further information, Broker recommends that Buyer contact the sources below. Brokers do not have expertise in this area and will not determine if any aspect of the Property is subject to a recall or is affected by a class action lawsuit. (NOTE: While the information below is believed to be current as of the revision date of this form, phone numbers and web addresses may change or be discontinued.)

A. FURNACES: Buyer is advised that the CPSC has issued a warning regarding certain gas-fired horizontal forced-air furnaces that present a substantial risk of fire. The furnaces in question were manufactured from 1983 to 1994 by Consolidated Industries and were marketed under many different brand names. Homes built before 1983 or after 1994 could still have the furnaces in question due to replacements or remodeling. If Buyer wants further information, Broker recommends that Buyer contact CPSC's hotline at (800) 638-2772.

B. WHIRLPOOL MICROWAVE-HOOD COMBINATION: Buyer is advised that Whirlpool Corporation has voluntarily recalled approximately 1.8 million microwave-hood combinations that have been known to overheat and catch fire. The units at issue are installed above ranges and are sold under the Whirlpool, KitchenAid and Kenmore brand names. If Buyer wants further information, Broker recommends that Buyer contact Whirlpool by phone at (800) 785-8897 or at its website, <http://www.repair.whirlpool.com>.

C. ROOF TILES: Buyer is advised that there is a class action lawsuit concerning certain fire free tiles and quantum panels manufactured and installed by RE-Con Building Products, Inc. from December 1993 to November 1997. If Buyer wants further information, Broker recommends that Buyer call (800) 966-3696 or view the website at <http://www.firefreeclaims.com>.

D. FIRE SPRINKLER: Buyer is advised that Central Sprinkler Company is recalling 35 million fire sprinkler heads that may be defective. If Buyer wants further information, Broker recommends that Buyer consult the CPSC website at <http://www.cpsc.gov> or Central Sprinkler Company at (866) 505-8553 or <http://www.sprinklerreplacement.com>.

E. WATER HEATER: Buyer is advised that certain water heaters manufactured by a variety of companies between 1993 and 1997 may be defective. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional who can determine if the water heater on the Property is defective.

F. ALUMINUM WIRING: Buyer is advised that some properties in California are wired in whole or in part with aluminum wiring which was approved at the time of construction but subsequently determined to be a potential hazard. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional who can determine if the wiring on the Property is defective.

G. GALVANIZED, ABS, POLYBUTYLENE AND COPPER PIPE: Buyer is advised that galvanized steel water pipes may corrode and leak after several years and that ABS plastic drain waste and vent pipe may be subject to failure. Buyer is also advised that the adhesive used in the installation of polybutylene pipe has been subject to failure. Additionally, copper pipe installed in slabs may develop leaks as result of reaction to certain soils. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional who can determine if the water pipes and drains on the Property are defective.

H. WATER HEATER GAS CONTROL VALVES: Buyer is advised that the CPSC in cooperation with Robertshaw Controls Company has announced a voluntary recall of approximately 178,000 gas control valves installed on water heaters manufactured between July 2005 and August 2005 with production date codes 5-31 through and including 5-33 under brand names American Proline, Bradford White, GE, GSE, Hotpoint, Jetglas, John Wood, Lochinvar, Premire Plus, Powerflex, Rheem, Richmond, Ruud, Vanguard, Whirlpool and U.S. Craftsman. If Buyer wants further information, Broker recommends that Buyer consult the CPSC website at <http://www.cpsc.gov> or contact Robertshaw Controls at (888) 225-1071 or <http://www.robertshaw.com>.

I. ARC-FAULT CIRCUIT BREAKER: Buyer is advised that the CPSC in cooperation with Schneider Electric has announced a voluntary recall of approximately 700,000 Square D Q® and Homeline® AFCI circuit breakers manufactured by Schneider Electric North American Operating Division. The recalled arc-fault interrupter circuit breakers are designed for use in 15 and 20-amp branch circuits; have a blue test button and were manufactured between March 2004 and September 2004. Tests show that these circuit breakers may not provide the arc-fault protection required by the 2001 California Electrical Code, Section 210-21. If Buyer wants further information, Broker recommends that Buyer consult the CPSC website at <http://www.cpsc.gov> or contact Schneider Electric at (877) 202-9064 or <http://www.us.squared.com/recallaafi>.

33. RENTAL PROPERTY RESTRICTIONS: Buyer and Seller are advised that some cities and counties impose restrictions that limit the rent that can be charged to a tenant, the maximum number of tenants who can occupy the property and the right of a landlord to terminate a tenancy and the costs to do so. If Buyer wants further information, Broker recommends that Buyer investigate the issue with an appropriate government authority during Buyer's inspection contingency period. Brokers do not have expertise in this area.

34. LAND LEASE: Buyer and Seller are advised that certain developments are built on leased land. This means that: (i) Buyer does not own the land, (ii) the right to occupy the land will terminate at some time, (iii) the cost to lease the land may increase at some point in the future, and (iv) Buyer may not be able to obtain title insurance. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an attorney or other appropriate professional. Brokers do not have expertise in this area.

35. HOME WARRANTY: Buyer and Seller are advised that Buyer and Seller can purchase home warranty plans covering certain standard systems of the Property both before and after Close of Escrow. Seller can obtain coverage for the Property during the listing period. For an additional premium, an upgraded policy providing additional coverage for air conditioning, pool and spa and other features can be purchased. Home warranties do not cover every aspect of the Property and may not cover inspections or upgrades for repairs required by state or federal laws. Broker recommends that Buyer review the policy for details. Brokers do not have expertise in this area.

36. INTERNET ADVERTISING: Buyer and Seller are advised that Broker may employ a service to provide a "virtual tour" or Internet marketing of the Property, permitting potential buyers to view the Property over the Internet. Neither the service provider nor Broker has control over who will obtain access to the service or what action such persons might take. Buyer and Seller are advised that Brokers have no control over how long the information concerning the Property will be available on the Internet. Brokers do not have expertise in this area.

37. ESCROW FUNDS: Buyer and Seller are advised that California Insurance Code Section 12413.1 provides that escrow companies cannot disburse funds unless there are sufficient "good funds" to cover the disbursement. "Good funds" are defined as cash, wire transfers and cashiers' or certified checks drawn on California depositories. Escrow companies vary in their definitions of "good funds." Broker recommends that Buyer and Seller ask the escrow company regarding its treatment of "good funds." All drafts and out-of-state checks are subject to waiting periods and do not constitute "good funds" until the money is physically transferred to the escrow holder's account. Brokers do not have expertise in this area.

38. NOTICE OF YOUR "SUPPLEMENTAL" PROPERTY TAX BILL: Buyer and Seller are advised that pursuant to Civil Code § 1102.6(c), Seller or his or her agent is required to provide the following "Notice of Your 'Supplemental' Property Tax Bill" to the Buyer:

"California property tax law requires the Assessor to revalue real property at the time the ownership of property changes. Because of this law, you may receive one or two supplemental tax bills, depending on when your loan closes.

The supplemental tax bills are not mailed to your lender. If you have arranged for your property tax payments to be paid through an impound account, the supplemental tax bills will not be paid by your lender. It is your responsibility to pay these supplemental bills directly to the Tax Collector. If you have any questions concerning this matter, please call your Tax Collector's Office."

Although the notice refers to loan closing as a trigger, it is actually the change of ownership which triggers this reassessment. Therefore, the Property can be reassessed even if there is no loan involved in the purchase of the Property. The purchase agreement may allocate supplemental tax bills received after the Close of Escrow to the Buyer. If Buyer wants further information concerning these matters, Broker recommends that Buyer discuss the issue with the County Assessor or Tax Collector. Brokers do not have expertise in this area.

Buyer's Initials (JL)
Seller's Initials (x JFW JL x Jvw)
Reviewed by _____ Date _____

39. NON CONFIDENTIALITY OF OFFERS: Buyer is advised that Seller or Listing Agent may disclose the existence, terms, or conditions of Buyer's offer unless all parties and their agent have signed a written confidentiality agreement. Whether any such information is actually disclosed depends on many factors, such as current market conditions, the prevailing practice in the real estate community, the Listing Agent's marketing strategy and the instructions of the Seller.

40. FIRPTA/CALIFORNIA WITHHOLDING: Buyer and Seller are advised that: (i) Internal Revenue Code Section 1445 requires a Buyer to withhold and remit to the Internal Revenue Service 10% of the purchase price if Seller is a non-resident alien, unless an exemption applies. Seller may avoid withholding by providing Buyer a statement of non-foreign status. The statement must be signed by Seller under penalty of perjury and include Seller's tax identification number. Buyer can also avoid the federal withholding requirement if the property price is \$300,000 or less, and the Buyer signs an affidavit stating Buyer intends to occupy the property as a principal residence. (ii) California Revenue and Taxation Code Section 18662 requires that a Buyer withhold and remit to the California Franchise Tax Board 3 1/3% of the purchase price unless the Seller signs an affidavit that the property was the Seller's (or the decedent's if a trust or probate sale) principal residence or that the sales price is \$100,000 or less or another exemption applies. Exemptions from withholding also apply to legal entities such as corporations, LLCs, and partnerships. Brokers cannot give tax advice. Broker recommends that Buyer and Seller seek advice from a CPA, attorney or taxing authority. Brokers do not have expertise in this area.

41. LIQUIDATED DAMAGES: Buyer and Seller are advised that a liquidated damages clause is a provision Buyer and Seller can use to agree in advance to the amount of damages that a seller will receive if a buyer breaches the agreement. The clause usually provides that a seller will retain a Buyer's initial deposit paid if the Buyer breaches the agreement, and generally must be separately initialed by both parties to be enforceable. For any additional deposits to be covered by the liquidated damages clause, there generally must be another separately signed or initialed agreement. However, if the Property contains from 1 to 4 units, one of which the Buyer intends to occupy, California Civil Code Section 1675 limits the amount of the deposit subject to liquidated damages to 3% of the purchase price. Even though both parties have agreed to a liquidated damages clause, an escrow company will usually require either a judge's or arbitrator's decision or instructions signed by both parties in order to release the Buyer's deposit to the Seller. Buyers and Sellers must decide on their own, or with the advice of legal counsel, whether to agree to a liquidated damages clause. Brokers do not have expertise in this area.

42. MEDIATION: Buyer and Seller are advised that mediation is a process by which the parties hire a neutral person to facilitate discussion and negotiation between the parties with the goal of helping them reach a settlement of their dispute. The parties generally share in the cost of this confidential, non-binding negotiation. If no agreement is reached, either party can pursue further legal action. Under C.A.R. Form RPA-CA; (i) the parties must mediate any dispute arising out of their agreement (with a few limited exceptions, such as matters within the jurisdiction of a small claims court) before they resort to arbitration or court, and (ii) if a party proceeds to arbitration or court without first attempting to mediate the dispute, that party risks losing the right to recover attorney fees even if he or she prevails.

43. ARBITRATION: Buyer and Seller are advised that arbitration is a process by which the disputing parties hire a neutral person to render a decision. Generally, arbitration is faster and less expensive than resolving disputes by litigating in court. The rules are usually less formal than in court, and it is a private process not on the public record. By agreeing to arbitration the parties give up the right to a jury trial and to appeal. Arbitration decisions have been upheld even when arbitrators have made a mistake as to the law or the facts. If the parties agree to arbitration, then any dispute arising out of their agreement (with a few limited exceptions) must be submitted to binding arbitration. Buyer and Seller must weigh the benefits of a potentially quicker and less expensive arbitration against giving up the right to a jury trial and the right to appeal. Brokers cannot give legal advice regarding these matters. Buyers and Sellers must decide on their own, or with the advice of legal counsel, whether to agree to arbitration. Brokers do not have expertise in this area.
