STEVENS CREEK SCHOOL EPA MONITORING PROGRAM

On March 31, 2009, the EPA announced that it would be assessing the outdoor air quality of 62 schools across the nation due to their proximity to industrial facilities. Stevens Creek Elementary School is one of the schools listed by the EPA for that monitoring program. The school is located approximately two miles from the Lehigh Southwest Cement and Limestone Quarry on Stevens Creek Boulevard.

For more information about the EPA air quality school monitoring program, Buyers should check the EPA website at <http://www.epa.gov/schoolair>.
